

Gusto 50/50 Blend

A combination of blended maize, barley and molasses for a nutritionally balanced, high energy and quality carbohydrate-based feed.

- Superior quality, high-energy starch-based feed suitable for cattle, goats, horses, sheep, deer, pigs and poultry
- Complements pasture, silage or hay-based diets or as a supplement to fill a feed deficit
- Contains no palm kernel extract or other fillers, ensuring a high-quality feed
- Contains molasses to encourage intake of meal
- Contains no mineral additives and is not designed to be fed as a sole diet for any stock class

Typical Analysis:

| | |
|-------------------|----|
| Dry Matter (%) | 86 |
| MJME/kgDM | 13 |
| Crude Protein (%) | 11 |
| Starch (%) | 61 |
| NDF (%) | 15 |
