

# **Grow Local. Grow Value.**

## **Grow Malting Barley.**

*Diversification options for  
Canterbury farmers.*

### **Why Grow Malting Barley?**

#### **Diversify Farm Income**

- Spread risk across multiple end user markets and revenue streams.

#### **Ideal After Winter Feed**

- Excellent follow-on crop after winter grazing with sound agronomic management.

#### **Extra Income from Straw**

- Generate value from both grain and straw.

#### **Proven Crop Performance**

- With careful nitrogen management, growers can meet malting specifications while maintaining profitable yields.

 **SY Transformer**

 **Tavern**

 **Laureate**
